Work Offered

Firstly, we are developing an indoor navigation project. It is complete. But we are trying to get the project ready for the market. Secondly, we are developing a data classification project which is using Apache Spark for now. But we can change the platform on need. Our third project is a lab management system on Angular, Node and Spring. We could use a trainee on one of those projects. Which project we will use will depend on timing.

Canteen at work: Yes
Expected type of accommodation: Student dormitory
Estimated cost of lodging: 600 TRY / Month
Accommodation will be arranged by: IAESTE (Member Uni LC)
Estimated cost of living incl. lodging: 1,000 TRY / Month

Additional Information

After being accepted by the employer, the students should apply for an internship visa under student visas category at the Turkish Consulate located in their homeland before their travel to Turkey. Otherwise, they should note that they will have to register at the migration management office where they reside by applying for a short term residence permit as soon as they arrive in Turkey. So we advise them to finalize their visa issues under a correct application and within a reasonable duration before their internship starts. *Lodging will be arranged by the employer/university.
*Before your arrival, please check out the list of public holidays in Turkey.
